

# **POODLE CLUB OF AMERICA, INC.**

## ***FIELD APTITUDE EVALUATION***

**Sunday, April 14, 2019**

**August A. Busch Conservation Area**

**site of the WC, WCX**

**(for directions see WC, WCX Premium)**

Sign Up by 11:30 A.M. at the test location

Evaluation Starts at 12:30 P.M.

### **Did you ever wonder if:**

- Your Poodle has what it takes to participate in retrieving events?
- How to get started with retriever training?

### **Come join us for a little fun!**

**Here's your free opportunity to find out what it's all about in a very informal setting.**

Bring your dog in a flat buckle-type collar and your dog's favorite toy and see if training to be a retriever is for YOU! We'll supply the information and any other equipment such as long lines, birds (big and small), wings, bumpers, duck calls, etc. We'll start by outlining the basics of retriever training, move on to play retrieving with your dog and continue with an introduction to birds. Come watch Poodles at work on land in the morning, experience the basics of retriever training at mid-day and stay to watch Poodles tackle the water in the afternoon. What better way to spend the day with your best friend?? Be sure to bring a chair and water for your dog!

**For more information contact:**
